

The School Portal

A plain-language guide for students, parents & staff.

PROPOSED BY

What this guide covers

This portal keeps every student's marks, attendance and progress in one place — and shows each person exactly what they need, and nothing more. The pages that follow explain each screen with a picture and a few plain steps.

- 01 **Getting started** — what the portal is, and who uses it

- 02 **How to sign in** — opening the portal, step by step

- 03 **Finding your way around** — the menu, your name card, language & sign-out

- 04 **The Student view** — marks, attendance and progress

- 05 **The Parent view** — every child on one screen

- 06 **The Teacher view** — your class and your subjects

- 07 **The Principal view** — the whole school at a glance

- 08 **The Office view** — running the school day to day

- 09 **Everyday tasks** — progress, attendance, reports, notices, calendar, leave

- 10 **Good to know** — answers to common questions

One portal, the right view for everyone

The portal is a single website the whole school shares. What you see depends on **who you are** — you never set anything up. You simply sign in, and the right screen opens for you.

Student	See your own marks, attendance and progress, read notices, check the calendar, and give a reason for any absence.
Parent / Guardian	See each of your children in one place, open their detailed progress, and explain their absences.
Teacher	Mark attendance for your class, enter and release marks, and view the progress of your class and subjects.
Principal	See the whole school — averages, attendance, and which students need support — without editing marks.
Office / Admin	Manage students, teacher assignments, marks, reports, and moving students to the next class.

The guiding principle

You can only ever see and change what belongs to you. A subject teacher sees their subjects; a class teacher sees their whole class; a parent sees only their own children. Everyone's data stays private.

How to sign in

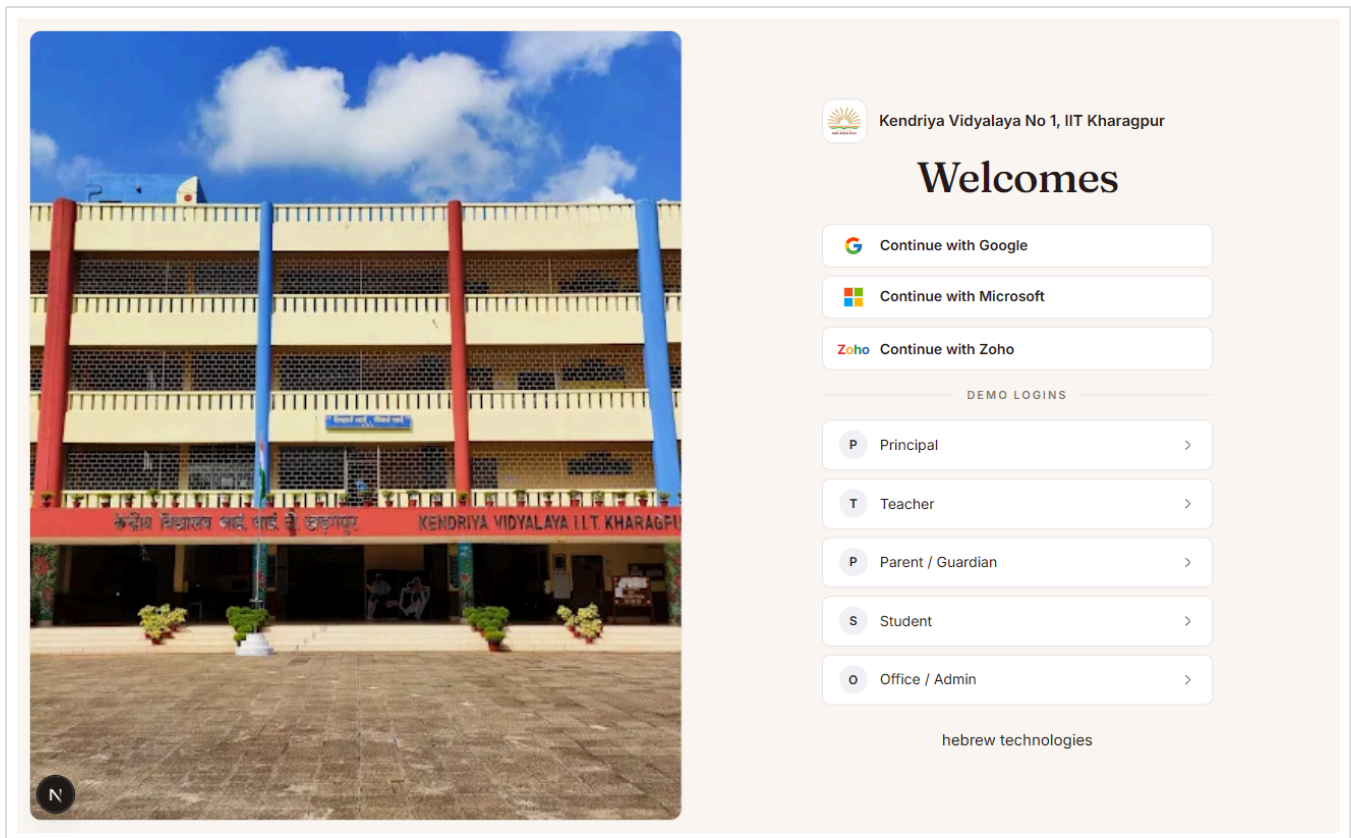

FIG. 1 — THE SIGN-IN SCREEN

- **Open the portal** in any browser — on a phone, tablet or computer.
- On the right, choose how to sign in: **Google**, **Microsoft** or **Zoho** — whichever account your school gave you.
- Under **Demo logins** there are ready-made accounts (Principal, Teacher, Parent, Student, Office). Tapping one signs you in instantly — ideal for a trial or a demonstration.
- After signing in, your own dashboard opens automatically.

On a phone

The picture on the left is hidden on small screens so the sign-in options fill the display. Everything else works exactly the same.

Finding your way around

Every screen shares the same simple layout, so once you learn it, you know it everywhere.

- **The menu (left):** your links — Dashboard, Attendance, Marks, Progress, Announcements, Calendar, Reports and more. On a phone, tap ☰ at the top to open it.
- **Your name card (top-right of the dashboard):** shows your name and role. Tap it to **sign out** — a confirmation appears, so you never sign out by accident.
- **Language:** parents can switch between **English, Hindi and Bengali** from the box beside the name card.
- **Colour-coded icons** mark each section so the one you want is easy to spot.

A quick tell

Anything you can open will gently highlight when you point at or tap it. If it highlights, it's a link.

The Student view

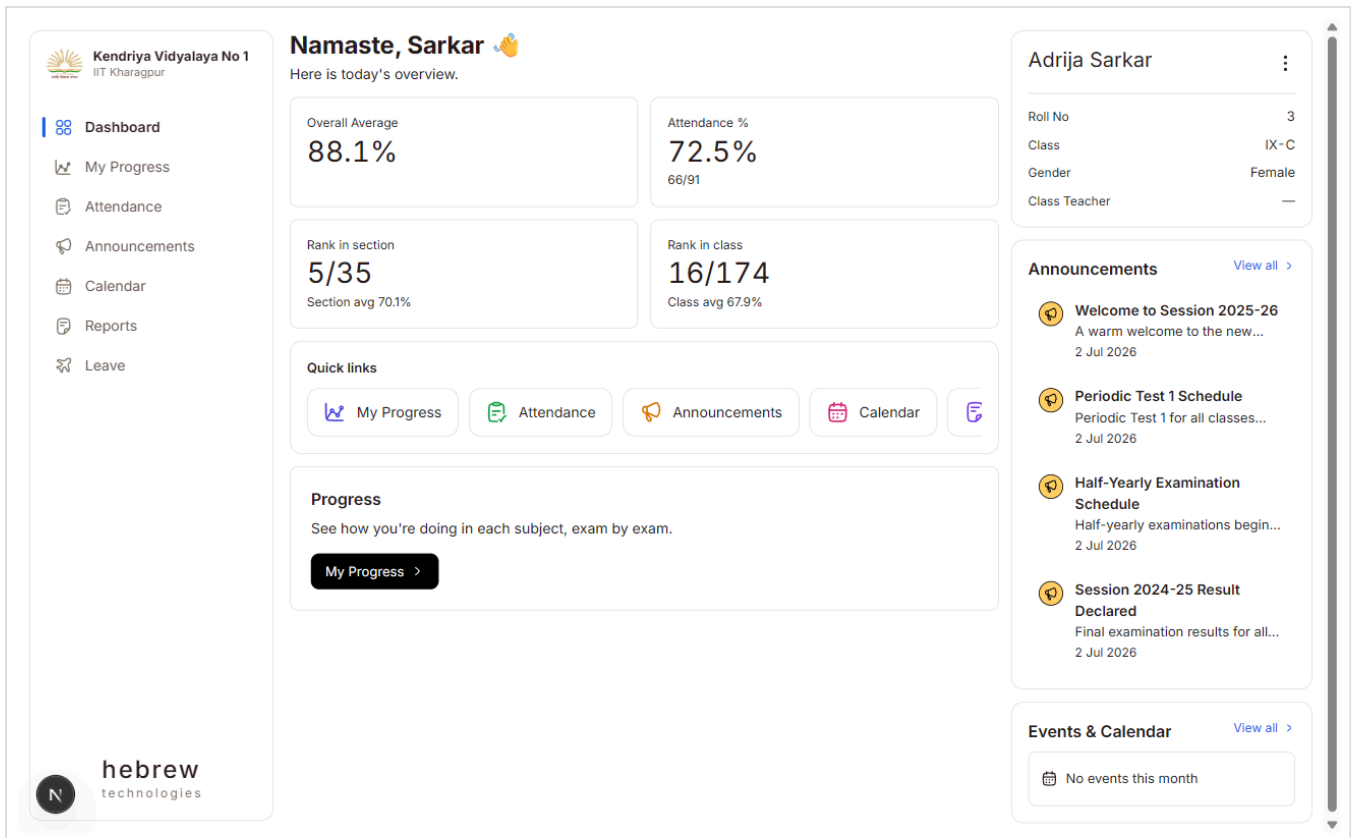

FIG. 2 — A STUDENT'S HOME SCREEN

- Your **name and class card** sits at the top-right, with your roll number, class-section and class teacher.
- **Quick links** jump straight to Progress, Attendance, Announcements and the Calendar.
- **Announcements and Events** keep you up to date with notices and important dates.

SEEING YOUR PROGRESS

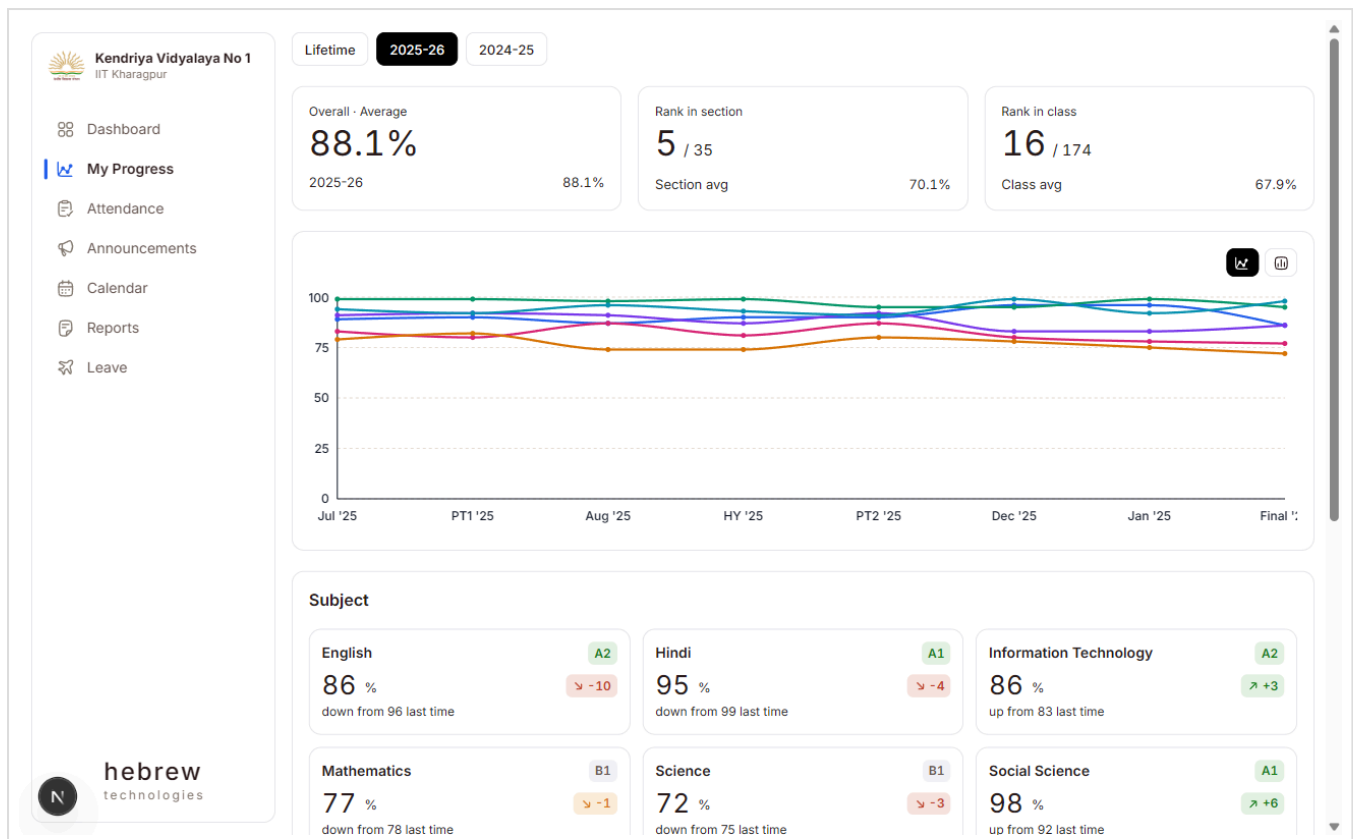

FIG. 3 — YOUR SUBJECT-WISE PROGRESS OVER TIME

- See your **average** and how each subject is going, exam by exam.
- Use the **session picker** to view this year, an earlier year, or your whole history together.
- Only **released** results appear — a teacher chooses when marks become visible.

Announcements

- Welcome to Session 2025-26**
A warm welcome to the new academic session. Classes begin ...
2 Jul 2026
- Periodic Test 1 Schedule**
Periodic Test 1 for all classes begins 22 July 2025. DATESHEET IS...
2 Jul 2026
- Half-Yearly Examination Schedule**
Half-yearly examinations begin 23 September 2025.

Events & Calendar

- Final Examinations**
Exam 24 Feb 2026
- Annual Sports Day**
Activity 13 Dec 2025
- Half-Yearly Examinations**
Exam 23 Sept 2025
- Independence Day**
15 Aug 2025

hebrew technologies

FIG. 4 — ALL YOUR CHILDREN ON ONE SCREEN

- Each child appears as a neat **ID card** showing their **Class, Section and Roll number**.
- Tap the **arrow** on a card to open that child's full progress record.
- If a child was marked absent, you'll be asked to **add a reason** — just a couple of taps.
- Read everything in **English, Hindi or Bengali** using the language box at the top.

The Teacher view

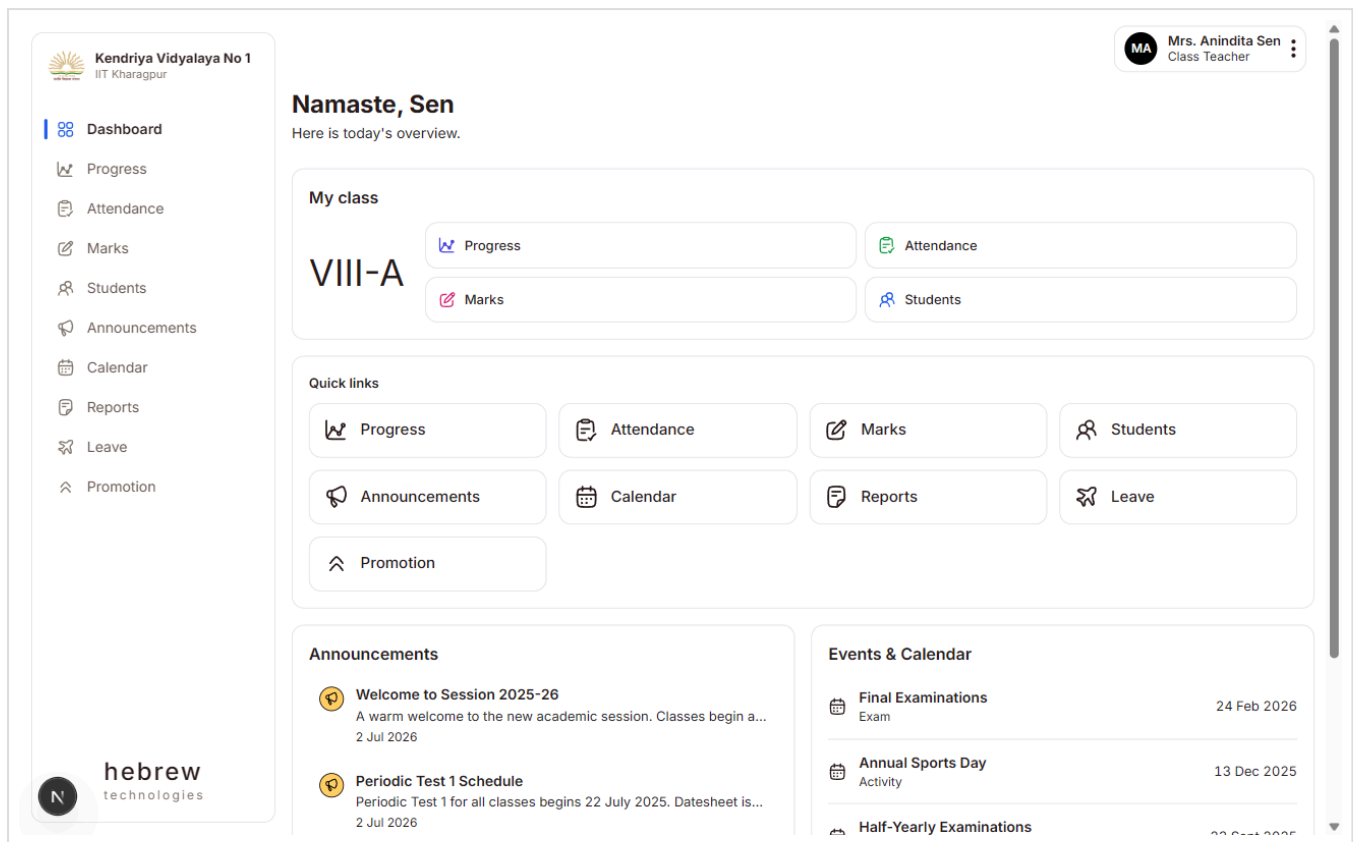

FIG. 5 — YOUR CLASS AND YOUR SUBJECTS, TOGETHER

- **My Class** (for class teachers) gives one-tap access to **Progress, Attendance, Marks and Students** for your own class.
- **Other Subject Classes** lists the sections where you teach a subject — tap any to see its progress.
- A class teacher can act as the subject teacher for **any subject in their own class**.

FIG. 6 — MARKING TODAY'S ATTENDANCE

- Mark each student **Present (P)** or **Absent (A)**; use **Mark all present / absent** to save time.
- Turn on **Holiday** for a day off — it's kept out of the attendance calculation.
- Tap **Save attendance** when done; students below the required attendance are flagged for you.

3	Adrija Basu	B1	57.9	Absent
4	Adrija Sen	B1	59.7	Absent
5	Anika Bhaumik	B1	63.7	Absent
6	Ankita Basu	B1	58.4	Absent
7	Ansh Kar	A1	77.6	Absent
8	Antara Mondal	C1	43.1	Absent
9	Aparajita Reddy	B2	53.8	Absent

FIG. 7 — ENTERING MARKS FOR AN EXAM

- Pick the **section, subject and exam**, then type each student's marks (or mark them absent).
- Marks stay a **Draft** — hidden from parents — until you press the black **Release results** button.
- Need a new exam column? Use **New exam**; it appears for every section of the class.

The Principal view

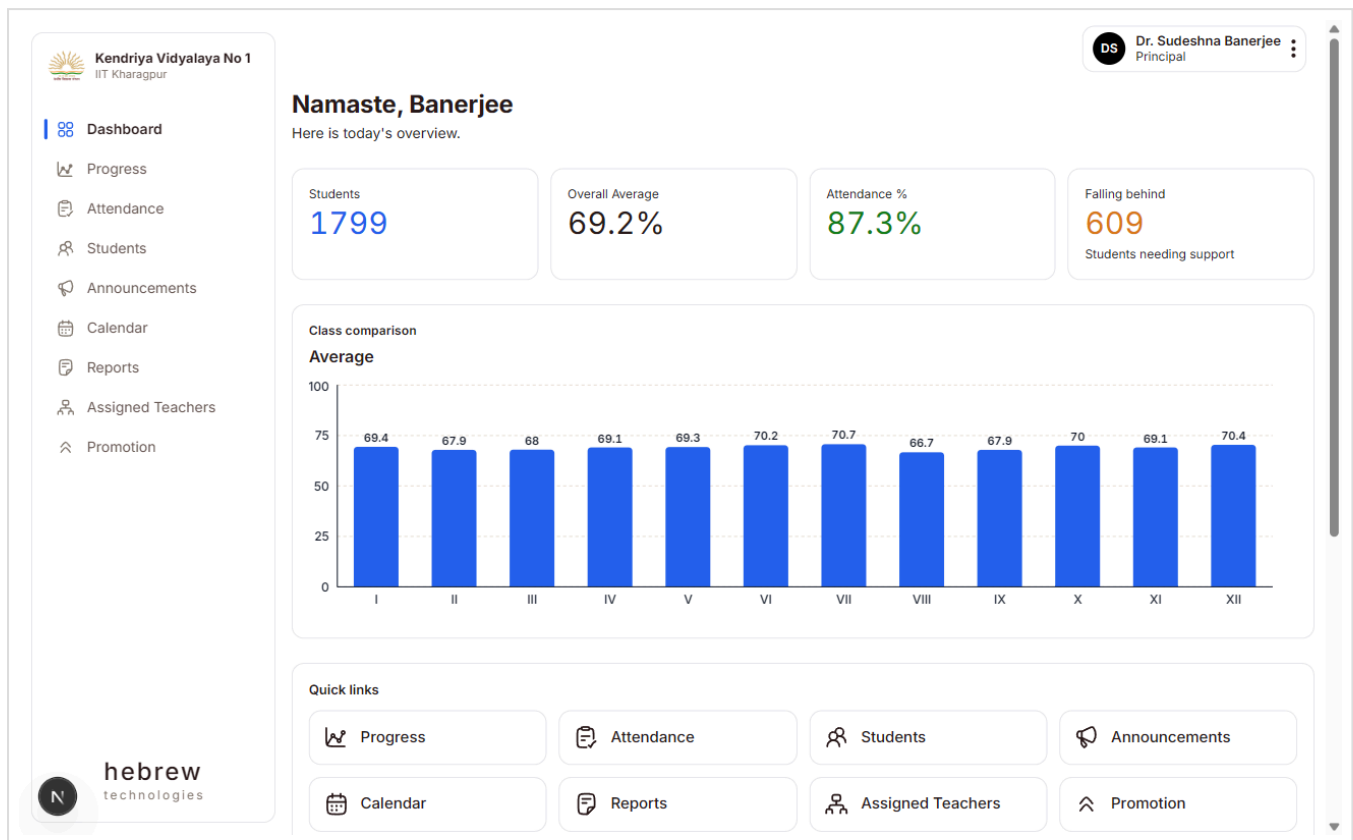

FIG. 8 — THE WHOLE SCHOOL AT A GLANCE

- The top cards show **total students**, the **overall average**, **attendance %**, and how many students are **falling behind**.
- **Every card is clickable** — tap one to open its detail (for example, tap “Falling behind” to see the students who need support).
- A class-by-class chart shows how each class is performing.
- The principal can **view everything, but does not enter marks** — that's done by teachers and the office.

The Office / Admin view

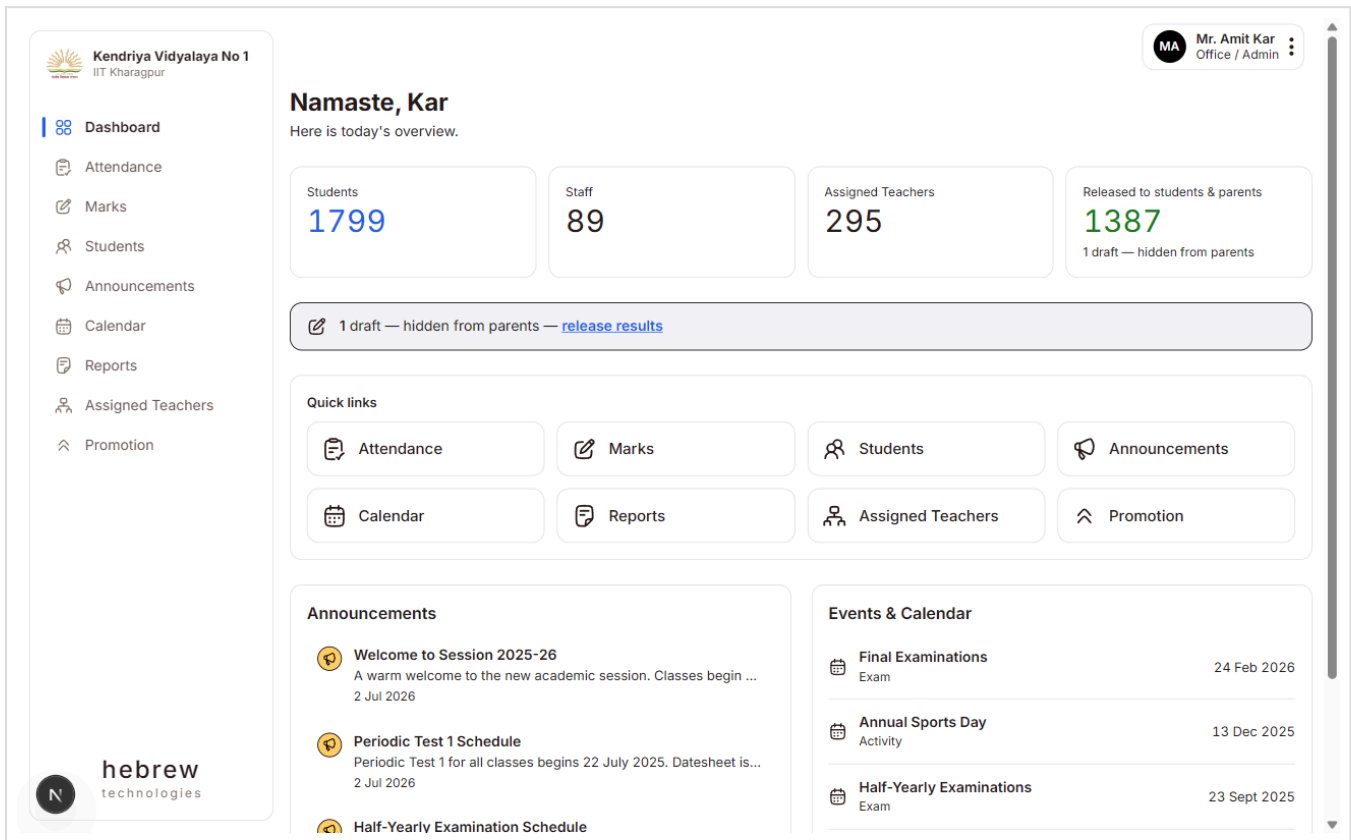

FIG. 9 — RUNNING THE SCHOOL DAY TO DAY

- See headline numbers — students, staff, teacher assignments, and results released versus still in draft.
- A **pending-work** banner flags results still waiting to be released.
- Quick links reach **Students, Marks, Reports, Assigned Teachers, Promotion** and more.

Moving to the next class

The **Promotion** screen is where the office creates the next school year and moves each class up. Class XII students graduate; a fresh Class I intake begins.

Everyday tasks

PROGRESS & ANALYTICS

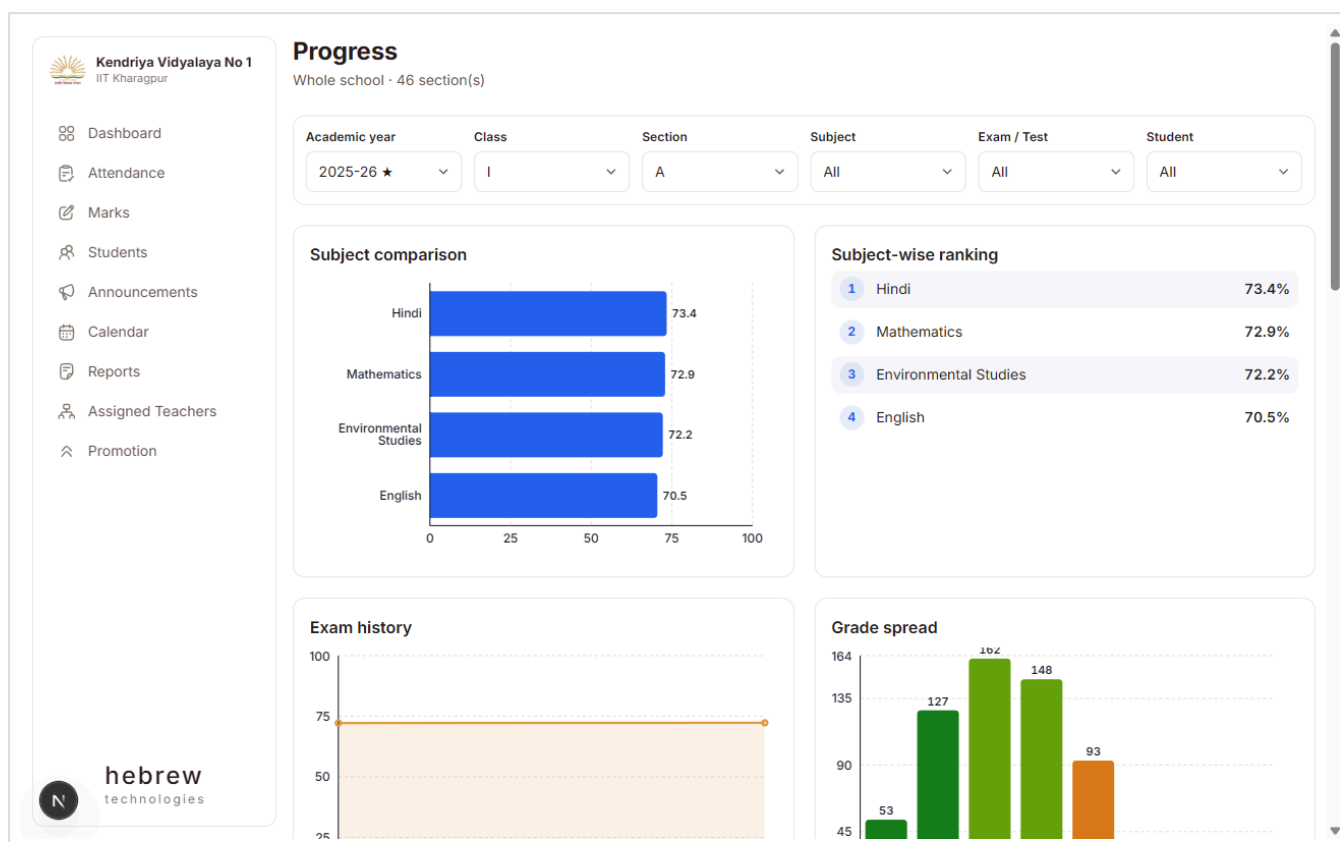

FIG. 10 — FILTER BY CLASS, SECTION, SUBJECT, EXAM OR A SINGLE STUDENT

- Narrow down with the filters: **Year** → **Class** → **Section** → **Subject** → **Exam** → **Student**. Each choice refines the next.
- See **best performers**, **students needing support**, grade spread and subject comparisons. **Tap any student's name** to open their full record.

ATTENDANCE OVERVIEW — PRINCIPAL & OFFICE

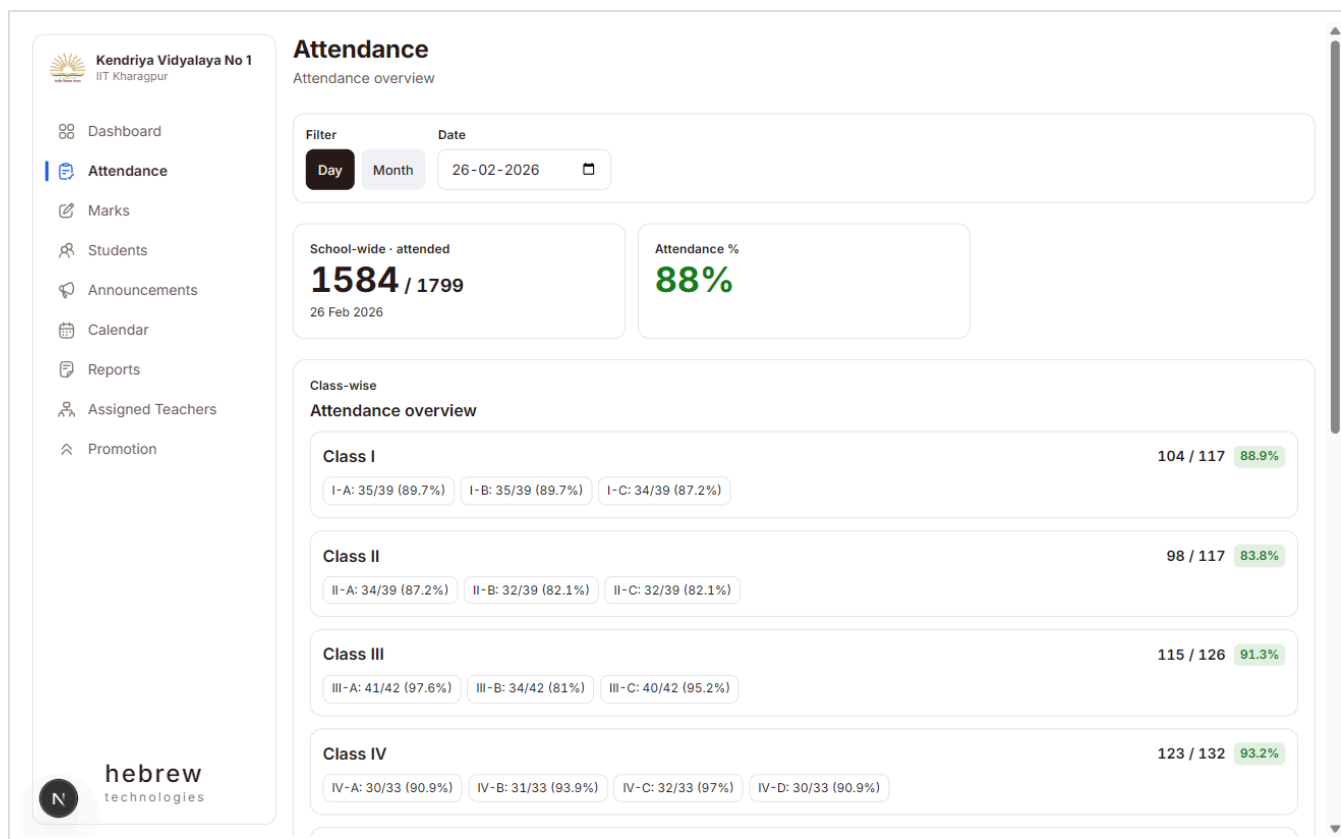

FIG. 11 — SCHOOL-WIDE ATTENDANCE, CLASS BY CLASS

- See attendance for a **day** or a whole **month**, rolled up by class and section.
- Tap a section to open its **own page** with each student's attendance in a clear table.

REPORTS

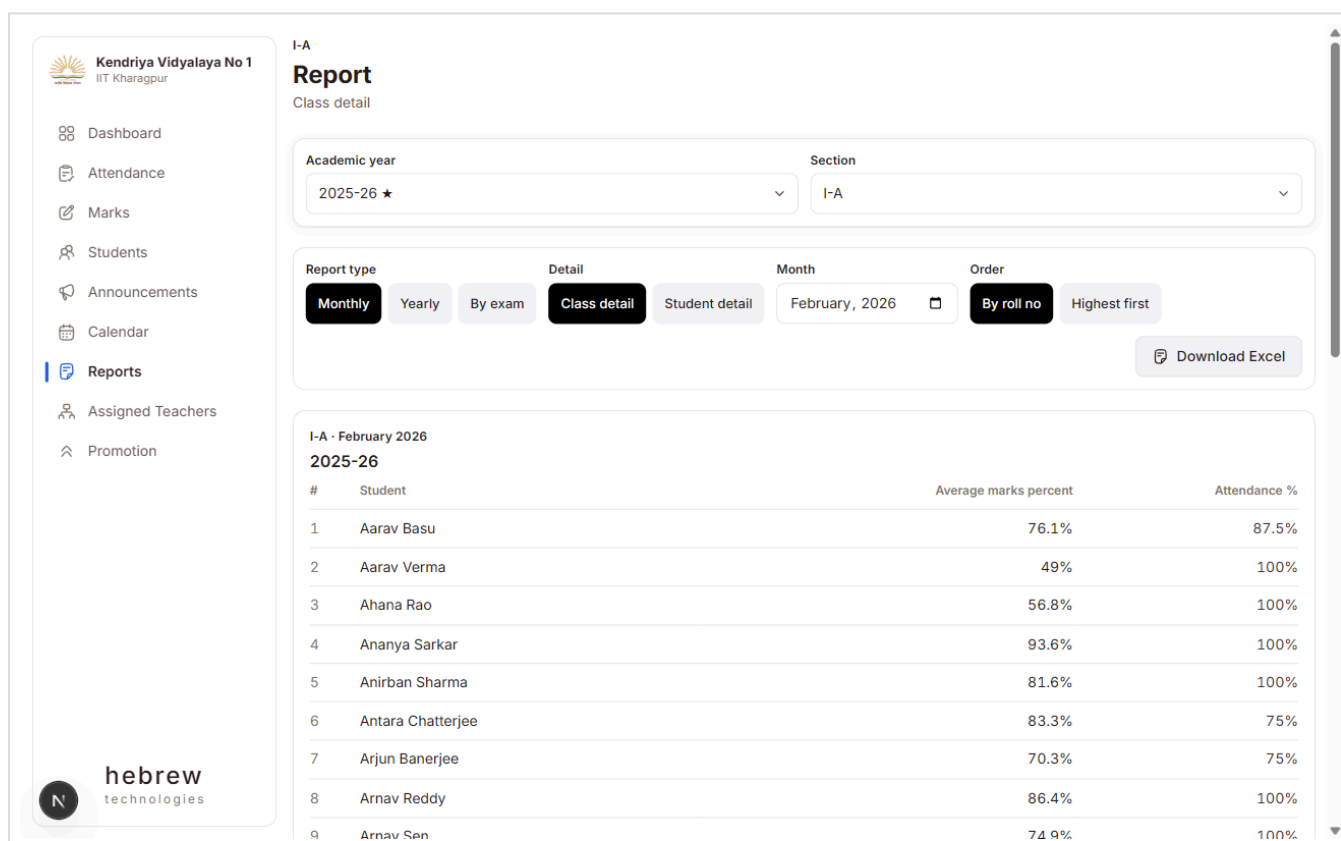

FIG. 12 — MONTHLY, YEARLY OR EXAM-WISE — FOR A CLASS OR ONE STUDENT

- Choose the **type** (Monthly / Yearly / By exam) and the **detail** (whole class or one student).
- A **class** report downloads as an **Excel file**; a single **student** report prints as a **PDF**.
- Order the class table by **roll number** or **highest marks first**. “Average marks percent” is the student's average across all marks in that period.

ANNOUNCEMENTS & CALENDAR

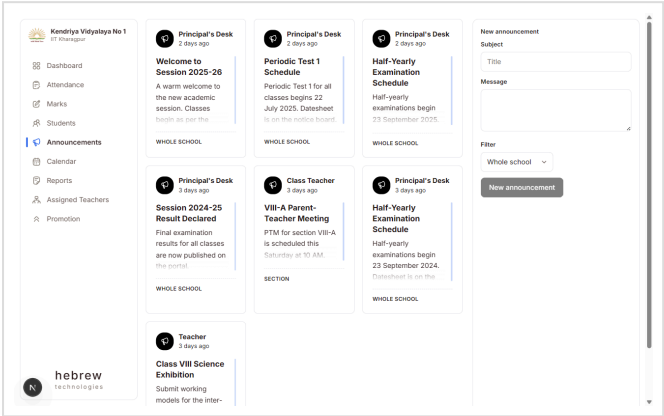

FIG. 13 — NOTICES FROM THE SCHOOL

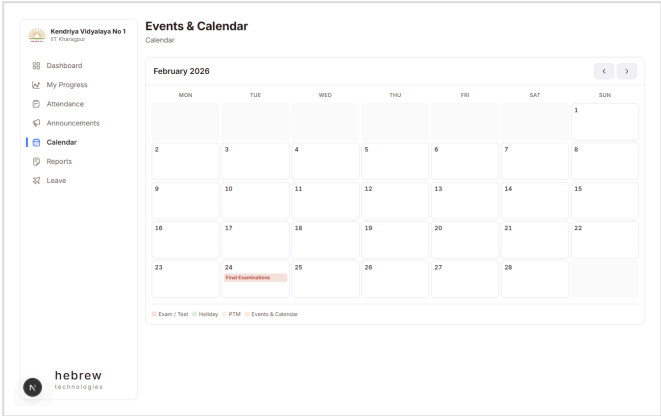

FIG. 14 — EXAMS, HOLIDAYS & EVENTS

- Tap an announcement to read it in full. Notices are marked as from the **Principal's Desk**, **School Office** or a **Class Teacher**.
- The calendar lists exams, activities and holidays so nothing is missed.

LEAVE & ABSENCE REASONS

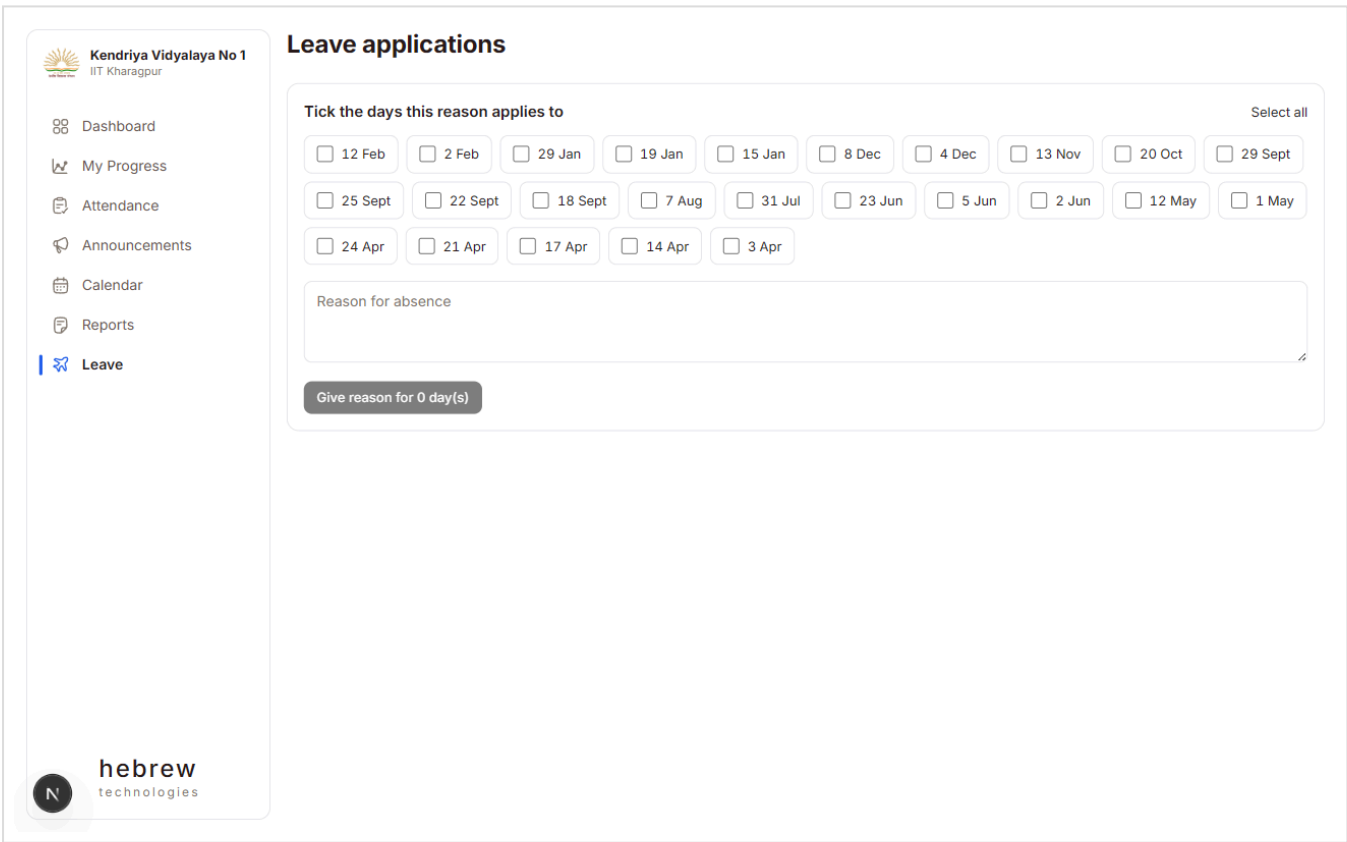

FIG. 15 — EXPLAINING AN ABSENCE

- Students and parents can **apply for leave** and **give a reason** for any day marked absent.
- Class teachers review and approve these requests.

Good to know

- **Why can't I see my marks yet?** Results appear only after the teacher **releases** them; until then they're a private draft.
- **Why do I see a different screen than my friend?** The portal shows each role only what it needs — student, parent, teacher and principal each get a different home screen.
- **Does it work on my phone?** Yes. The whole portal adjusts to phones and tablets; the menu tucks behind the ☰ button.
- **How do I change the language?** Parents can switch between English, Hindi and Bengali from the language box near their name.
- **How do I sign out?** Tap your name card on the dashboard and confirm.
